

**40°31'53" N (Hillsborough, New Jersey)
 (Add one hour for Daylight Savings Time)**

Gnomon for latitude $40^{\circ}31'53''$ N

(Cut along solid lines, score along dashed line, fold into shape, and glue to dial. You may prefer to use this as a template for cutting a gnomon out of stiffer material.)

For further information on sundial construction, see <http://www.sundials.co.uk/projects.htm>
